Subject: Synopsis and action items from yesterday's meeting

Attached is the synopsis from yesterday's Taskforce meeting, pls. place close attention to your assigned action to ensure we are working towards getting them completed. I am also attaching the list of EEO Directors received from EEOC and it appears that the other information I received from EEOC is about the EEOC's Asian Pacific Islander Working Group. The information about the working group was sent to indicate how other groups are facing similar challenges.
