Agenda

• Make Wise Decisions Today; Retire With Dignity Tomorrow
• Saving for Retirement: Your TSP Contributions
• TSP Tips & Resources
What will your retirement look like?

- In retirement, the Thrift Savings Plan supplements fixed (formula-based) income sources
  - Social Security
  - Defined benefit plans, e.g., CSRS/FERS annuity, military pension
- TSP account balance at retirement depends on:
  - How long contributions are made
  - How much has been contributed or withdrawn
  - Earnings on contributions
  - Plan expense ratio/fees

Components of Retirement Income

- TSP
- Social Security
- Pension
Retirement Plan Designs

- Defined Benefit (Pension) Plan
  - Provides retirement income based on a pre-determined formula
  - Employer makes investment decisions & bears the risks
- Defined Contribution Plan
  - Self-directed investment plan
  - Employee makes investment decisions & bears the risks

Annuity (Pension) Comparison

How Much Should I Save? (Ballpark Estimate)

The TSP is one source of your retirement income. Other major sources of retirement income include your FERS Basic Annuity or CSRS annuity (or your retired pay if you are a member of the uniformed services), Social Security benefits, individual retirement accounts (IRAs), and other savings. To find out how much you need to save for retirement, link to the Federal Government Employees Ballpark Estimate calculator below. The calculator was developed by the American Savings Education Council to calculate how much you need to save each year from now until retirement based on your estimates of retirement income and existing savings.

In-depth Retirement Planning

The Ballpark Estimate calculator is just the first step in retirement planning. For more in-depth planning, you may want to consult a financial advisor or your agency’s or service’s retirement or benefits counselor. Visit the Office of Personnel Management website at www.opm.gov, read books and articles on retirement planning, or use more detailed software to test a variety of assumptions for estimated benefits, expenses, and rates of return.

What You Need for the Ballpark Estimate Calculator

- Estimate of annual income from FERS Basic Annuity or CSRS annuity.
- Social Security benefit estimate, if applicable.
- Current savings balances.

Where to Find Information

1. Contact your agency or service personnel office to find out how to estimate your annual income from your FERS or CSRS annuity.
2. Request a Personal Earnings and Benefit Estimate Statement (PEBES) from the Social Security Administration (SSA) website. The SSA will mail the PEBES to you.
3. Access your most recent account balance in My Account, or you can call the TSP Call Center. Include savings from other retirement investment accounts, as well.

Go to Ballpark Estimate Calculator

TSP Benefits

- Automatic Enrollment for new/reenrolled participants
- Contributions made by payroll deduction
  - “Pay yourself first”
- Choice of tax treatments
  - Traditional (tax-deferred) contributions
  - Roth (after tax) contributions
- Simple, diversified investment choices
  - “Do it yourself”
  - Professionally designed portfolios
- Low administrative expenses
Factors that affect TSP balance

✅ Helpful

- FERS: contribute enough to get full agency match
  - Contribute five percent to get maximum agency match of four percent
    - Dollar for dollar on first three percent
    - Fifty cents per dollar for next two percent
    - Applies on a per pay date basis – NOT an annual basis
- Allocate contributions to investment funds based on appropriate balance of risk to return
  - Periodically:
    - Review account performance and long-term strategy
    - Rebalance and reallocate based on review
  - Or, choose a Lifecycle Fund – rebalancing and reallocations occur automatically

❌ Harmful

- Frequent Interfund Transfers
  - Short-term, tactical moves using index funds is an unsuccessful long-term investment strategy
- Using TSP to access savings that should have been put into another type of account
  - Loans
    - Temporary depletion
  - Financial Hardship In-Service Withdrawals
    - Permanent depletion

Retirement Planning Phases
It’s never too early or too late to take advantage of what the TSP has to offer. Consider how to make your TSP savings work for you through contribution elections, catch-up contributions, and asset allocations throughout your career and as you near retirement. Learn more

Living in Retirement
Consider how to adjust your asset allocation and determine an effective withdrawal strategy to meet your unique needs during retirement. Learn more

tsp.gov
TSP Financial Calculator
How Much Will My Savings Grow - FERS

How Much Will My Savings Grow?

* Indicates required fields

Retirement System: FERS

Select Your Type(s) of Growth
This calculator will show you the growth of your current account balance, growth of future contributions from your paycheck, or both. You must select a growth model:

- ✔ Existing Account Balance  ✔ Future Contributions  ✔ Both

Existing Account Balance
* Enter the amount you already have in your TSP account: $ 00

Future Contributions
If you are a FERS employee, you may begin contributing to the TSP (through payroll contributions) as soon as you are hired. You are also eligible to receive Agency Automatic (1%) and Matching Contributions. Note: Newly hired or rehired FERS employees are automatically enrolled to contribute 3% of basic pay unless they elect otherwise. For more information on eligibility for agency contributions, see Types of Contributions under Plan Participation.

- ✔ Enter the number of years you plan to contribute: 30 years
- ✔ Annual Pay: $ 45000.00
- ✔ Pay Schedule: Biweekly (every 2 weeks, 26 times a year) ✔
- ✔ Enter the whole percentage of annual pay that you would like to save: 3 %
- ✔ Enter the percentage of your expected annual pay increase: 3.00 %

Enter the dollar amount that you plan to contribute each year in catch-up contributions: $ 0.00

Catch-up contributions are traditional and/or Roth contributions that are made by a participant age 50 or older. You must first exceed the elective deferral limit ($18,000.00 in 2016) to make catch-up contributions.

Account Growth
* Enter the number of years left until you begin withdrawing from your TSP account: 30 years
* Expected Annual Return 6.00 % View the Summary of Returns. Past performance is not a guarantee or a predictor of future returns.

Submit
Increasing Contribution Rate

Future Contributions
Years to Make Contributions: 30
Annual Pay: $45,000.00
Pay Schedule: Biweekly
Percent Salary to Save: 5%
Expected Percent Salary Increase: 3.00%
Annual Catch-up Contributions: $0.00

Estimated Account Balance $569,074.39

Future Contributions
Years to Make Contributions: 30
Annual Pay: $45,000.00
Pay Schedule: Biweekly
Percent Salary to Save: 10%
Expected Percent Salary Increase: 3.00%
Annual Catch-up Contributions: $0.00

Estimated Account Balance $824,892.57
The Power of Time

Number of Years Until You Start Withdrawing: 40
Expected Annual Return: 6.00%
Estimated Account Balance $1,477,257

What will I pay?

1 Net administrative expenses charged to the TSP participant across all funds, 2015
How do these costs affect account growth?

(Assumes a starting balance of $50,000 and a 6% annual rate of return)

Transfers and Rollovers

Note: Cannot transfer/rollover Roth, Education and Inherited IRA into the TSP
Transfers and Rollovers

• Transfer *(direct rollover)*
  – Money moves directly from one account or retirement plan to the other
  – Participant does not have use of the money

• Rollover *(60-day or indirect rollover)*
  – Participant has use of the money for 60-days
  – May result in taxes, withholdings, and/or penalties if not properly executed

See instructions on Forms TSP-60 and/or TSP-60-R for more information

Contribution Elections

• You can start, stop, change, or resume contributions at any time
  • Elections must be submitted to your agency - TSP cannot process elections to deduct from pay
  • Elections can be expressed in dollars or percentages; traditional and/or Roth

• Electronic submissions are preferred (e.g., myPay, Employee Personal Page, LiteBlue, Best, EBIS, Employee Express, etc.) Form TSP-1/ TSP-U-1 may also be used

• Elections are effective the first full pay period after receipt by the agency

• Catch-up contributions require a separate TSP election
**Contribution Sources & Limits**

**Participant Contributions**
- Regular (2016 limit - $18,000)
  - Traditional and Roth
- Catch-Up (2016 limit - $6,000)
  - Traditional and Roth

**Agency Contributions (FERS only)**
- Agency Automatic 1%
  - Traditional Only
- Agency Matching
  - Traditional Only

**FERS Contributions**

**Employee Contributions**
- All new and rehired employees auto-enrolled at 3% (opt out option)
- Any whole dollar amount or percentage up to IRS elective deferral limit ($18,000 for 2016)
- Always vested

**Agency Contributions***
- Always Traditional
- Agency Automatic (1%) Contributions
  - Subject to vesting
  - Not based on Employee Contributions
- Agency Matching Contributions*
  - Based on first 5% of Employee Contributions per pay period, whether traditional or Roth
  - 4% Maximum
    - $1/$1 for first 3%
    - 50¢/$1 for next 2%
  - Always vested

*NOTE: CSRS not eligible for Agency Automatic or Agency Matching Contributions
Maximizing Your Match

- Ed earns $3,000 per pay period and contributes 30%
- Susan earns $3,000 per pay period and contributes $693

Uniformed Services
Contribution Rules

- Contribute 1% to 100% of basic pay
  - Plus any percentage from incentive, special, and bonus pay
- Contributions are subject to the Internal Revenue Code annual limitations
  - elective deferral, § 402(g), limit ($18,000 for 2016)
  - annual additions, § 415(c), limit ($53,000 for 2016)
- Contributions deducted from Combat Zone Tax Exempt (CZTE) pay are subject to section 415(c) limits but not 402(g)
Annual Additions Limit

- Includes:
  - tax-deferred and tax-exempt TSP contributions
  - agency/service matching contributions
  - agency automatic (1%) contributions
- Does not include catch-up contributions
- Maximum contribution for officers in a combat zone is $7,997.10 per month (basic pay of the most senior enlisted member) plus $225 hostile fire/imminent danger pay*

*http://www.dfas.mil

Catch-Up Contributions

- Participants turning age 50 or older in the calendar year can make Catch-Up Contributions
  - In addition to the regular TSP contributions
  - Dollar amount only
  - Require a separate election
  - A new election must be submitted for each calendar year
  - Electronic election or TSP-1-C/TSP-U-1-C
- Maximum contribution for 2016 is $6,000
  - Must self-certify intent to make regular contributions up to the elective deferral limit
- No agency matching on Catch-up contributions
A Choice of Tax Treatments

TSP Participant Contributions

Traditional (Pre-tax)  Roth (After-tax )

Traditional TSP

- Traditional pre-tax contributions are taken out of income before it is taxed
- This lowers current taxable income and gives a tax break today
- This money grows tax-deferred; when withdrawn BOTH contributions and earnings are taxable
- Agency Automatic (1%) and Agency Matching contributions will always be traditional
Effects of Traditional Contributions

- Elective deferrals reduce current year AGI, so they may also:
  - Create or enhance eligibility for the Saver’s Credit
  - Increase certain itemized deductions
  - Allow high-income taxpayers to make Roth IRA contributions in addition to TSP
- Distributions of tax-deferred contributions and earnings will be taxed as ordinary income when received, so they may:
  - Be taxed at lower rates, if income is lower
  - Be taxed at higher rates, if tax rates increase
- Tax-deferred balances are also subject to:
  - Required minimum distribution rules
  - Ordinary Income taxes when paid to beneficiaries

Roth TSP

- Implemented May 7, 2012 (or as soon as possible thereafter by the agency or service)
- Roth (after-tax) contributions are taken out of participant’s paycheck after income is taxed
- Participants must elect to make Roth TSP contributions (Contributions for auto-enrolled participants default to traditional)
- Roth designation is made at agency payroll level prior to contribution deposited into the TSP
- No conversions of existing traditional TSP balance to Roth TSP
Effects of Roth Contributions

- Roth contributions do not reduce current year AGI
  - May exclude some participants from Saver’s Tax Credit
- Electing Roth may cause high earners to lose other tax-saving opportunities
  - Certain itemized deductions are reduced by a percentage of AGI - higher AGI results in smaller deductions
  - Eligibility for Roth IRA contributions is phased out at higher income levels
- Provide a “hedge” against higher future tax rates

Roth TSP – Distributions

- Qualified Distributions
  - First TSP Roth contribution must meet 5-year rule
    - Prior participation in a Roth 401(k) transferred into TSP counts toward 5-year rule
    - Once 5-year rule is met, participant retains it for the life of their TSP account
  - Age 59½; disabled; or deceased
- Nonqualified distributions
  - Earnings subject to tax
  - 10% early withdrawal penalty rules are applied to earnings in the same manner as the tax-deferred portion of a participant’s TSP account

Note: portion of the balance that is tax-deferred is not subject to the 10 percent early withdrawal penalty tax if the participant is age 55 or older in the year he/she separates from Federal service.
### Roth TSP vs Roth IRA

<table>

7 TSP Tips: “What & Why”

1. Contribute at least 5% of your salary.
   **WHY:** Don’t lose out on free money from the Agency match.

2. Transfer other retirement savings into the TSP.
   **WHY:** Other plans can cost significantly more.

3. Think twice about taking a loan from your TSP account.
   **WHY:** It may cost you hundreds (maybe thousands) of dollars in missed growth.

4. Use the calculators at tsp.gov to help define your retirement goal.
   **WHY:** Planning your retirement is smarter than winging it.
5. Diversify your investment strategy or choose a TSP Lifecycle (L) Fund.
   **WHY:** Varying your investments reduces risk.

6. Review your contributions and investment strategy regularly.
   **WHY:** As life changes, so may your retirement goals.

7. Stay with the TSP after you separate.
   **WHY:** TSP’s low costs are hard to beat!
